## LLAMA SOFTIE

### BY CARLY ALTREE-WILLIAMS

**e** EASY

#### WHAT YOU'LL NEED

- Assorted coloured felt
- Template
- Fabric pen or HB pencil is fine
- Scissors
- Black and white embroidery thread
- Sewing needle
- Hobby fill or wadding

#### INSTRUCTIONS

**Step 1** - Trace out the Llama on your main felt colour using the template provided and a fabric pen (or HB pencil is fine on light colours).

**Step 2** - Cut out the Llama inside the lines

**Step 3** - Repeat steps 1 and 2 again so that you now have 2 Llama shapes.

**Step 4** - Choose one of your Llama's to be the front and then proceed to mark out the face with a fabric pen and stitch with black thread.

**Step 5** - Work out your Llama's decorations (i.e bunting, flowers for hair, a saddle for example) and stitch onto the front Llama piece.

**Step 6** - You can now place your 2 Llama pieces together with the face/decorations on the inside.

Sew around the outside edge of the Llama leaving a 3cm hole to allow you to turn your Llama right side out.

**Step 7** - Once you have turned your Llama right side out you can now stuff with wadding and stitch the small hole closed.

**Note** - This template has been scaled. You will need to print this template at actual size and blow it up by 200% to make it full size.
