

Remote learning: Here's an overview of what to do...

Term 3: Week 7

Kia ora! This document shares Forest's instructions for students who are working at home this week. Remember to fill in your **Distance Learning Journal** (on your **LA Google Classroom** page) every day.

You must ensure that your **Great Learner Evidence Website** is finished, and register your evidence on MH Online this week for your Learning Advisor to assess.

Once you have finished your website, please view link [Guide for the Assessment Process](#) resource a couple of times. On this, Mrs Lambert steps you through how to register your evidence to MH Online. This is really important, as teachers can't give you 'ticks' on your **Holistic Report** without you loading your evidence to MH Online first. As Mrs Lambert's Whanau have collected evidence on a Google Doc, Forest's instruction will differ slightly.

1. Finish adding your evidence to your **Great Learner Evidence Website** on Google Sites
2. Publish your website by clicking on '**Publish**' > Write your first name in the box and '**Share**' to your LA's email address. This will mean that your 'live' or published website will appear when your LA checks your work.

Your shareable link to your 'live' evidence website should look something like... <https://sites.google.com/mhjc.school.nz/melanie>

3. Copy and paste your shareable link and follow Mrs Lambert's video guide here... [Guide for the Assessment Process](#)
