

Stage 1 of the Inquiry - started with Edpuzzle [on google classroom]

Reflection task:

FIRST: read this article: [Māori-Asian solidarity in Aotearoa can be game-changing](#)

Copy and paste significant notes from text:

“When we talk about race relations in this country, how often do we consider the relations between Asian tauwi and tangata whenua? It’s time for all of us Asian New Zealanders to come to terms with our status as settlers on colonised land, and find solidarity with the Indigenous people of the place we’ve chosen to move to. *When you and your parents came to New Zealand, were you aware of Māori at all?*”

Watch: [Tangata Whenua & Tangata Tiriti - ngā Hainamana](#)

Notes from video [include timecodes]:

Using the knowledge you gained from the Edpuzzle in combination with the resources above, generate 5 questions that you **could** research further.

These questions should be designed to allow you to discover information that is relevant to thinking about A-NZ society in 2040. For example:

{eg.} - What challenges might we face together in the future of our Treaty partnership?
