

We are now moving towards our first Assessment

You have used Villo (the app) on your phone. You have expressed some success here. A reflection indicates a weak story board.

You will now create your CV (curriculum vitae) but this time using a 1 - 2 minute video to unpack yourself

1. I am looking for 30 seconds of a verbal introduction (please dress up for this and use props and lighting to support your recording)

2. I am looking for 30-90 seconds of footage that supports your vocation (what you love) - use venues like Harvey Norman , cafes , bakeries to capture footage that reflects your passion

Your video will graded mainly by creativity and impact / music etc - please note this video will be uploaded on your You tube link and attached to your CV.

Have Fun explore camera angles and lighting together with sound.

YOUR STORYBOARD IS YOUR CV

Assessment Criteria

1. Clear Camera Angles
2. Sound and voice overs
3. Location Footage
