

Year 10 Assessment 2: Fabric Decoration Methods

Your challenge this term has been to create a PJ or Sleepwear set and look at different ways you can decorate the top using Fabric Decorating Methods.

Your assessment is to present information and examples of where it/they are used see the prompts below. You will also need to show practical evidence of your application of this by providing a sample.

Print this on a google doc and print off on A3 with your created design using your chosen method attached. (I need to see the sample for marking)

Task Template:

My Fabric Decoration method is _____

This method originated in _____ -

This method is very popular because _____

Interesting facts you have learnt from your research _____

How do you carry out this fabric decorating method? Show using notes from research, diagrams or a flowchart.

Show examples (images at least 6) of where/how it is or can be used.

Show that you can carry out this method - see criteria below - attach your sample to your Assessment Task.

When you hand in your Assessment you must hand in your named sample of your chosen Fabric Decoration Method.

<p>Understanding of Fabric Decoration Methods</p>	<p>Working towards demonstrating some understanding of a Fabric Decoration Method</p>	<p>Demonstrates some understanding of a Fabric Decoration Method by providing notes, how to instructions and examples of use</p>	<p>Demonstrates understanding of a Fabric Decoration method by providing some research, detailed how to instructions and examples of use</p>	<p>Demonstrates a high level of understanding of a Fabric Decoration Method providing detailed research, detailed how to instructions with supporting images and examples of use</p>
<p>Demonstration of use</p>	<p>Working towards showing evidence of use of a fabric decoration method in a technological outcome or sample</p>	<p>Demonstrates evidence of its use in a technological outcome or sample that is your own design</p>	<p>Demonstrates evidence of its use in a technological outcome or sample that is your own design, that is of a good standard</p>	<p>Demonstrates evidence of its use in a technological outcome or sample that is your own design and of a high standard producing a quality decoration</p>
