

**Walt** use practical daily activity to compare the time used for completing activities

Success Criteria: I know and I am able....

- to calculate the time and use it as a fraction of the time of the day spent.
- to Change fractions to percentages.
- I can convert hours into minutes.

**15** Copy and complete this table. In the first two columns, insert the times that you did each activity. Use that information to help you fill in the other columns.

<b>a</b>	Time you went to bed last night:	Time you woke up this morning:	Hours and minutes spent in bed:	Percentage of a day spent in bed:
<b>b</b>	Time you started breakfast today:	Time you finished breakfast today:	Minutes spent eating breakfast:	Percentage of the day you spent at breakfast:
<b>c</b>	Time school started today:	Time school is due to finish today:	Hours and minutes spent at school:	Percentage of the day spent at school:
