Task

LI : Understand key technological, social, and environmental innovations in the Olympics.

1. Choose one topic:
- Technology in Sports (e.g., wearable tech, broadcasting)
- Sustainability (e.g., eco-friendly venues, carbon neutrality)
- Inclusivity and Gender Equality (e.g., Paralympics, mixed-gender events)
- New Sports and Events (e.g., skateboarding, surfing)

2. Answer the following:

- What is the innovation, and when was it introduced?
- How has this innovation impacted the Olympics and its participants?
- What future developments could happen in this area?
